

KNOCK-DOWN REBUILD Checklist

At Allworth Homes, we strive to give you a seamless process when building your new home. A knock-down rebuild project with us is no exception. The process is similar to a new home build but with some additional steps. We have simplified our knock-down rebuild process into an easy checklist for you to use below:

-  **Choose your design** *that suits your land* 
-  **Choose an accredited** *demolition contractor* 
-  **What you need to provide** *with your application* 
-  **Submit your application** *for demolition approval* 
-  **Lock in a date with your** *demolition contractor* 
-  **Choose your home** *selections and finishes* 
-  **Organise your** *temporary accommodation* 
-  **Review and sign your** *building contract* 
-  **Move into your** *temporary accommodation* 
-  **Contract build time begins** *for your new home*
